

June 2021 – Resources for World Peace Diet Circle

Compiled by Dr. Will Tuttle
For World Peace Diet Circle Members

“The conscious and intelligent manipulation of the organized habits and opinions of the masses is an important element in democratic society. Those who manipulate this unseen mechanism of society constitute an invisible government which is the true ruling power of our country. We are governed, our minds are molded, our tastes formed, our ideas suggested, largely by men we have never heard of...in almost every act of our daily lives, whether in the sphere of politics or business, in our social conduct or our ethical thinking we are dominated by the relatively small number of persons...who understand the mental processes and social patterns of the masses. It is they who pull the wires that control the public mind.” ~Edward Bernays

Mollusks don't feel any pain...

So animals *won't* take over the world?

Really? Plants have *protein*?

Wait...but, plants *do* feel pain?

But God gave them to us to eat. Right?

But eskimos... uh...

I guess my canine teeth aren't really that special.

Isn't there supposed to be something wrong with soy?

Maybe it's time to admit that your arguments for eating meat have a problem.

When all of your excuses fail you, it can turn your world upside-down. Fortunately, there is a solution. Simply adopt a vegan lifestyle and watch your life line up with your values.
