

August 2024 – Resources for World Peace Diet Circle

Compiled by Dr. Will Tuttle
For World Peace Diet Circle Members

The movement of the waves, of winds, of the earth is ever in the same lasting harmony. We do not stand on the beach and inquire of the ocean what was its movement of the past and what will be its movement of the future. We realize that the movement peculiar to its nature is eternal to its nature.

The wind? I am the wind. The sea and the moon? I am the sea and the moon. Tears, pain, love, bird-flights? I am all of them. I dance what I am. Sin, prayer, flight, the light that never was on land or sea? I dance what I am.

You were once wild here. Don't let them tame you. – Isadora Duncan
