

July 2025 – Resources for World Peace Diet Circle

Compiled by Dr. Will Tuttle
For World Peace Diet Circle Members

“Freedom and love go together. Love is not a reaction. If I love you because you love me, that is mere trade, a thing to be bought in the market; it is not love. To love is to not ask anything in return, not even to feel that you are giving something. And it is only such love that can know freedom.” – J. Krishnamurti

*US Energy Production – 2024 - Still 84% Fossil Fuels (38% Natural Gas, 27% Oil, 10% Coal, 9% LNG), 8% nuclear, and 8% renewables. Of this 8%, about 2.5% is wood, 2.5% biofuels, 1% hydro; the other 2% is wind, solar, & geothermal. And we subsidize these extremely harmful renewables over a trillion dollars a year! - <https://www.eia.gov/todayinenergy/detail.php?id=65445#>
